

IADAT– elec2007

International Conference on Electrical and Electronics Engineering

Sicily (ITALY), September 27-29, 2007

Call For Papers

Announcement

IADAT-elec2007 Conference is organized by the International Association for the Development of Advances in Technology - IADAT. In order to achieve IADAT main objectives, namely "to bring together Universities, Research Institution and Industry, and also to promote collaboration and foster cooperation", IADAT announces its First International Conference on Electrical and Electronics Engineering. This Conference will be held in Catania(Sicily - ITALY) from September 27th to September 29th, 2007; at the Sheraton Conference Center.

Main Purpose

The main purpose of the Conference is to provide an international scientific forum for presentation of new trends, practical experience, and the latest innovations and advances in the field of Electrical and Electronics Engineering. The IADAT-elec2007 Conference will be focused on "Innovation, Technology and Research" applied to Theoretical and Practical Teaching and Industry.

Important Dates

Submission Deadline	June 30, 2007
Author Notification	July 20, 2007
Final Paper Submission	September 10, 2007
Registration Deadline	September 10, 2007
Conference Dates	Catania (Sicily-ITALY) , September 27-29, 2007

Notification of acceptance/rejection of submitted abstract papers will be sent via email before July 20, 2007.

Papers

Authors are invited to submit a summary or extended paper abstract to the scientific committee. The maximum length of the summary or extended abstract should be 3, A4 size pages long, including figures and diagrams. The official language of the conference will be English. Submissions will be made online at the Conference Web Site.

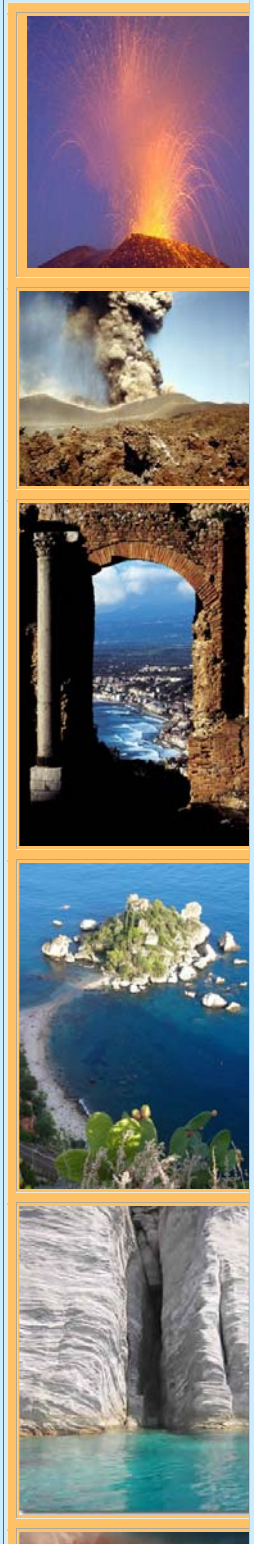

Presentation

Authors are invited to submit original papers for Conference presentations on either of the following categories: academics papers, poster presentation, research projects and industrial applications.

All accepted papers will be published in the Conference Proceedings Book and each paper will be included in the conference programme and published in the Conference Proceedings on CD-ROM.

Selected papers from IADAT-elec2007 will appear in a Issue of the IADAT Journal of Advanced Technology (ISSN 1698-1073).

Scope and Topics

The scope of the Conference includes, but is not limited to the followings topics:

Fundamental Theory	Measure and Instrumentation
Circuit and Systems	Sensors: Intelligent sensors and Multisensors
Modeling and Simulation	Laser and Optical System
Electrical Machines and Drives	Integrated Systems
Power Electronics, Systems and Applications	New Technology of Electrical Engineering
Electrical Power, Systems and Applications	Electrical and Electronic Engineering Education
Signal Processing	University-Industry Collaboration
Mechatronic Systems	Electrical and Electronics Research
Neural networks and Fuzzy Systems	
Other Topics related to Electrical and Electronics Engineering	

Contribution to the below topics will be given higher priority.

Conference Venue

IADAT-elec2007 International Conference on Electrical and Electronics Engineering will be held in Catania (Sicily-ITALY) from September 27th to September 29th ,2007; at the Sheraton Conference Center

Sheraton Conference Center

Registration Fees

Before August 25, 2007	500 €
From August 25 to August 31, 2007	530 €
From September 1 to September 10, 2007	560 €
IADAT Members (Before January 1, 2007)	300 €

Tourism in Catania and Sicily

IADAT-elec2007 International Conference provide an unique opportunity to the delegates for visiting Catania and discovering Sicily.

Further Information

Should you require any further information or clarification on any of the points mentioned in the Web page, please contact:
